WORK EXPERIENCE

Shift Supervisor	September 2024 - July 2025
Tim Horton's	Burlington, ON
• Supervised daily operations and financial transactions, balancing tills, handling deposits, and resolving discrepancies with accuracy. • Delivered exceptional customer service by listening attentively to customer needs and resolving concerns calmly and professionally. • Trained and mentored team members, fostering a supportive and respectful work environment. • Worked with management, team, and local partners to coordinate community events like Camp	

Day and Smile Cookie Week, organizing setup, schedules, and guest engagement activities.

- Maintained smooth shift operations during peak hours by supporting the team, resolving issues, and ensuring compliance with Tim Horton's health, safety, and operating procedures.

Product Verification Specialist (Co-op)

January 2024 - August 2024

Evertz Microsystems Ltd.

Burlington, ON

- Utilized testing tools to analyze system logs and configurations, identifying patterns and root causes to support proactive troubleshooting.
- Managed networking devices and configurations using CLI and Linux commands, applied practical skills in IP assignment and network issue resolution.
- Researched, installed, and configured virtualization platforms by evaluating hypervisors, deploying Virtual Machines, and assessing performance across multiple operating systems.
- Leveraged JIRA for issue tracking and Confluence for collaborative documentation, optimizing problem-solving, and maintaining organized project records.
- Compiled and analyzed system log data to develop case studies, reports, and dashboards that visualized key insights, aiding in the resolution of customer issues.

Team Member

July 2022 - December 2023

Tim Horton's

Burlington, ON

- Provided friendly and efficient customer service in a fast-paced environment, actively listening to customer needs and resolving concerns promptly.
- Processed daily transactions (cash, debit, credit) with accuracy while following company procedures and maintaining attention to detail.
- Collaborated with team members to plan and set up community events such as Camp Day and Hockey Night, assisting with decorations and interactive games to engage guests.
- Adapted to shifting priorities during peak hours, helping ensure smooth operations by staying flexible and dependable under pressure.

Logistics Administrator

November 2021 - June 2022

Evertz Microsystems Ltd.

Burlington, ON

- Coordinated and dispatched domestic and international shipments through carriers such as FedEx, UPS, Purolator, and DHL, ensuring timely deliveries and adherence to strict deadlines.
- Prepared and processed shipping documents (shipping labels, invoices, customs forms, and bills of lading) with a focus on accuracy and compliance, ensuring error-free order fulfillment.
- Communicated effectively with customers via email and phone, providing timely updates on order status and resolving logistics challenges, particularly around customs delays.
- Collaborated cross-functionally with internal teams to expedite the release and shipment of products.
- Maintained and updated the Sales Web system, ensuring data accuracy, streamlining record-keeping, and improving accessibility.
